UPDATE ON MILANA LI HOMICIDE CASE

BEAVERTON, OREGON - Update on the investigation into the homicide of 13-year-old Milana Li, whose body was found on May 10, 2022, at Westside Linear Park.

Daniel Ryan Gore, now 17, was charged with Murder in the First Degree in Washington County Juvenile Court on May 20, 2022. On July 28, 2023, a Washington County Judge ruled that Gore will be tried as an adult through Washington County Circuit Court.

Gore's case will be presented to a Washington County Grand Jury in the coming weeks. The presumption of innocence applies to him as to any other accused individual. The Beaverton Police Department continues to work with the Washington County District Attorney's Office on this case.

We will provide further updates as the case progresses.
