WELCOME FROM THE MAYOR

The City of Beaverton continues to be one of the safest cities in America—and the safest city in the Pacific Northwest. Beaverton residents appreciate that they live in a safe and welcoming community. But this safe-city milestone hasn't been achieved by chance. The Beaverton Police Department (BPD) works tirelessly to protect and serve our community. Our dedicated police officers and volunteers do so much. This past year, the BPD Victim Advocate volunteers donated nearly 9,000 hours, supporting victims of domestic violence and other crimes. This program is restoring wholeness to victims as they begin the healing process.

I am constantly amazed with how many innovative programs we offer. In 2014, we received the Award for Excellence for our Beaverton Sobriety Opportunity for Beginning Recovery (B-SOBR) program. B-SOBR confronts repeat drunk drivers, addressing the root cause of the behavior and making a lasting change in their lives. This program is helping people get sober, while making our streets safer.

Meanwhile, the women and men of the BPD continue to be strong role models to our youth. With programs like Beaverton Youth Peer Court, the Police Activities League, and the School Resource Officer team, our police are taking the time to connect and mentor our community's children and teens. Through these programs, we're teaching youth the skills and attributes most desirable in our future police officers.

Today, tomorrow and long into the future, we will always invest in public safety. We have a reputation as a responsible and welcoming city. I want to thank all of the brave and compassionate police officers that work so hard to make Beaverton the safest city in the Pacific Northwest. Well done!

Denny Doyle

“The Beaverton Police Department works tirelessly to protect and serve our community.”

~ Mayor Denny Doyle

BEAVERTON WAS RATED AS THE SAFEST CITY IN OREGON AND THE NORTHWEST IN 2014.

*According to the CQ Press Publication, *City Crime Rankings 2015: Crime in Metropolitan America*. Beaverton was rated the 39th safest city in the country out of 441 ranked cities with populations over 75,000.

MESSAGE FROM THE CHIEF

Chief Geoff Spalding

I am pleased to present the Beaverton Police Department's 2014 Annual Report. The dedicated men and women of the Beaverton Police Department (BPD) continued their unwavering commitment to the BPD's mission to protect with courage, serve with compassion, and lead with integrity. This report reflects our agency's outstanding work and includes 2014 highlights, statistics, and program information about the BPD.

The City of Beaverton continued to maintain a low and stable crime rate in 2014 compared to 2013. For the eighth consecutive year, the City of Beaverton was ranked as one of the safest cities in the Northwest and again listed

as the safest city in Oregon by the CQ Press. This low crime rate is the result of a highly visible and proactive police force, a rapid response to calls for service, highly competent investigators, and active involvement with our residents. Strong partnerships within the community and support from our leaders also help maintain our status as a safe city.

I want to thank the residents of Beaverton and our elected officials for providing us with the resources to accomplish our vision, and the members of the BPD for their commitment to provide police services that promote a safe and secure community.

OPERATIONS BUREAU

Captain Eric Oathes

The Operations Bureau is the foundation of the department and makes up the majority of police employees, including 91 sworn and non-sworn personnel assigned to the Patrol and Traffic Divisions.

The Operations Bureau oversees the Patrol operations (including scheduling, fleet, communications, and the temporary holding facility), Traffic Team, K-9 Program, Neighborhood Resource Team, and Photo Enforcement.

ADMINISTRATIVE BUREAU

Captain Jeffrey Williams

The Administrative Bureau employs 29 sworn and non-sworn personnel assigned throughout Police Administration, Training and Professional Standards Division, and the Records Division. The Administrative Bureau oversees budgeting, strategic planning, policy, accreditation, hiring and training, professional standards/internal investigations, crime analysis, payroll and purchasing, Chaplaincy Program, Peer Support Program, grant management, and the Alarm Program.

SERVICES BUREAU

Captain Jim Monger

The Services Bureau is comprised of three divisions: Community Services, Criminal Investigations, and Property and Evidence. The Services Bureau is made up of 49 sworn and non-sworn personnel.

The Services Bureau oversees the Community Services Division, which is responsible for facilitating community outreach and education, victim services, School Resource Officer (SRO) Program, Community Service Officers, Bicycle Patrol Officers, Public Information Officer, and Volunteer Program. The Services Bureau also oversees the Criminal Investigations Division (CID) and the Property and Evidence Division.

PATROL DIVISION

DEDICATED TO YOUR SAFETY

The Patrol Division is divided into four districts and is the most visible unit of the BPD. These highly trained officers handle day-to-day complaints, calls for service, emergencies, and most preliminary criminal investigations.

The division is committed to providing a safe and livable community by enforcing laws and utilizing and coordinating patrol and investigative resources to proactively reduce the opportunity for criminal activity. Officers continue to actively patrol the city, which is demonstrated by the substantial number of self-initiated calls.

In an effort to maintain a consistent community presence, officers utilize Neighborhood Resource Centers (NRCs) throughout the city. This allows officers within specific neighborhoods to be readily accessible. Officers also regularly attend Neighborhood Association Committee

(NAC) meetings, where they provide crime prevention information, identify citizen concerns, and address traffic issues.

The Patrol Division continues to utilize its Neighborhood Resource Team (NRT) and conduct plain clothes and special deployment operations in an effort to address livability issues such as theft from/of vehicles, narcotics, neighborhood nuisances, and transit violations. BPD personnel conducted several selective enforcement details throughout the city, working in partnership with the Interagency Gang Enforcement Team, Westside Interagency Narcotics Team, and the TriMet Transit Police Division. Additional "special details" were conducted to impact domestic violence and sexual assault crimes.

TRAFFIC SAFETY DIVISION

The Traffic Safety Team aims to modify driving behavior through education and by enforcing traffic laws. Partnerships with the city's transportation department, Beaverton residents, and other traffic safety agencies help the team address and solve traffic safety issues. The team targets problem locations using highly visible and unmarked patrol cars, motor officers, Photo Radar, Photo Red Light, and SMART (Speed Monitoring Awareness Radar Trailer) units.

EDUCATION

The Traffic Team conducted 17 child safety seat clinics, serving more than 572 families in 2014. Driver educational videos and brochures are used in the Distracted Driver and Pedestrian Safety Diversion classes. The team continues to attend various community events and distribute traffic safety brochures and promotional items.

ENFORCEMENT

The team participates in special enforcement details targeting such violations as speeding, failure to use seatbelts, running red lights, driving while impaired, highway construction zones, and pedestrian safety.

PHOTO ENFORCEMENT

The department's use of Photo Radar and Photo Red Light technology continues to deter speed and red light violations. Four Beaverton intersections (Beaverton Hillsdale Hwy./Griffith Dr., Walker Rd./Cedar Hills Blvd., Hall Blvd./Scholls Ferry Rd., and Allen Blvd./Lombard Ave.) are equipped with cameras to improve safety and reduce crashes resulting from red light violations.

CART

Crash Analysis Reconstruction Team (CART) members are specially trained officers from various law enforcement agencies in Washington County and officers from the Oregon State Police whose primary mission is to investigate and reconstruct motor vehicle crashes related to potential felony or manslaughter charges. In 2014, the CART responded to 17 incidents in Washington County.

K-9 UNIT

K-9 Members

- **Alex**
- **Enzo**
- **Ike**
- **Jago**
- **Kahz**

The K-9 Unit provides support to all divisions within the department as well as outside agencies by conducting building searches, article/evidentiary searches, tracking suspects who have fled on foot, detection of narcotics, and helping to locate lost/missing persons. K-9s have a keen sense of smell vastly superior to that of humans and are invaluable in locating persons and property.

The unit consists of five officers and five K-9s. Three of these are exclusively patrol teams and two are cross-trained as patrol and narcotics detection teams.

In 2014, the teams conducted a total of 160 tracks, resulting in 45 arrests. The narcotics detection teams made 140 drug finds and seized \$26,472.

The unit continues to conduct public demonstrations to display the K-9's special abilities and to demonstrate why they are such an asset to the department and community.

HONOR GUARD

The members of the Honor Guard represent the department at various functions, including funerals, community events, and special ceremonies. Officers receive specialized military drill and ceremony training. In 2014, members of the Honor Guard participated in BPD's Awards Ceremony, a retirement ceremony of a Beaverton Police Department Sergeant, and represented Beaverton in New York at a slain officer's funeral.

COMMUNITY SERVICES DIVISION

The Community Services Division serves a vital role in sustaining the department's commitment to community-based policing. The division is involved in multiple community-focused programs and services.

SROs

School Resource Officers (SROs) protect the school environment and maintain a safe atmosphere in the classroom. They assume many roles and are committed to supporting kids, not only in their education, but also in other aspects shaping their lives.

The department's SRO Program includes one sergeant and six officers. The SROs provide services to more than 39,000 students from 36 public and private schools, including nine high schools and six middle schools.

Victim Services

The department is committed to serving victims of crime through professional service, resources and referrals. In 2014, more than 677 citizens received services through the Community Services Division. Trained volunteer advocates also provided supportive advocacy, information, and resource referrals for victims of crime. In 2014, 22 advocates donated more than 8,922 hours.

Volunteers

The Volunteer Program enhances communication with the community and helps the department deliver services. Volunteers include a cross-section of the community, are graduates of the Citizens Academy, and help the department in various roles.

In 2014, the department had an active roster of 94 volunteers who donated more than 7,766 hours—the equivalent of more than 3.5 full-time employees. The value of the hours donated by police volunteers is estimated at \$175,123.

COMMUNITY RESOURCE TEAM

The department reaches out to our diverse community throughout the year in a variety of ways, including National Night Out and city-sponsored neighborhood picnics and events. The department continues to use social media tools such as Facebook and Twitter to communicate electronically. The BPD increased its "likes" on Facebook to 4,498 in 2014.

The department's Bicycle Patrol Unit focuses on providing a unique, proactive response to problems identified by residents, patrol officers, and other agencies to make Beaverton a safer community in which to work and play. Examples of the unit's work include reducing transient camps, conducting bicycle safety rodeos, and coordination of the Bicycle Event Management Program. Due to officer vacancies, a bicycle officer was assigned to help support the Traffic Safety Division in 2014.

A photograph of a police officer in uniform, smiling and interacting with a group of children in a park. The officer is wearing a dark uniform with a badge and a name tag that reads 'WITTER'. The children are wearing casual clothing, including a zebra-print dress and a soccer jersey. The scene is set outdoors with trees and grass in the background.

COMMUNITY ENGAGEMENT

CITIZENS ACADEMIES

The Citizens Academy 12-week program gives Beaverton area residents first-hand information about how their police department works. Experienced department members teach residents about fraud, street gangs, narcotics, traffic crash investigations, community policing, firearms, K-9 teams, and more. The BPD also conducts Disabled Citizens and Military Mentor Academies.

ARMED FORCES BANNERS

The Armed Forces Banner Program was established to honor and recognize Beaverton's military personnel. More than 76 banners have been placed along major Beaverton roadways to honor active duty military personnel of the United States Armed Forces. The banners include the serviceperson's name and military branch.

DOCUMENT SHREDDING

The department hosts popular free document shredding events throughout the year to encourage citizens to shred documents with sensitive personal information and reduce the incidence of identity theft. Five events were held in 2014 and served more than 3,833 families.

STUDENT ACADEMIES

The Student Academy is a highly successful program that gives students the opportunity to learn about various areas of law enforcement. During this one-day event, Beaverton police officers from the Criminal Investigations, Patrol, and Training Divisions teach students about Vehicle and DUII Law, use of force, and investigations. The Advanced Student Academy is unique in that it offers a police academy atmosphere and participants earn continuing educational credits for completing 20 hours of instruction.

SUPPORTING OUR COMMUNITY

The Annual Beaverton Police Activities League (PAL) Event held in April 2014 raised more than \$25,000.

Each year BPD members donate countless hours of their own time in support of their favorite charity and/or organization(s). Whether its jumping in a freezing river in February for the Polar Plunge Event, serving food and drinks at Red Robin, and/or participating in the Torch Run in support of Special Olympics, the BPD is fortunate to have caring and dedicated individuals who generously contribute their time and resources to make our communities a better place.

In 2014, BPD members were involved with many worthy causes, such as the Beaverton Police Activities League (PAL), training officers in Haiti and Bangladesh, coaching youth sports, and raising funds to purchase socks and underwear for the Beaverton School District Clothes Closet. The BPD believes in community service and giving back.

GIVING BACK IN 2014

BEAVERTON PAL

The Beaverton Police Activities League (PAL) is a private, nonprofit youth organization providing a forum for kids to see police officers as real people who care about them and their future. In partnership with the City of Beaverton, area businesses, and concerned citizens, PAL provides recreational, educational, athletic, and cultural programs for youth between 8 and 18 years of age. Chief Geoff Spalding and Captain Eric Oathes serve on the board of directors, and Beaverton police officers participate in summer camps and volunteer their off-duty time to participate in activities and assist in fundraising.

INTERNATIONAL CONNECTIONS

Several officers participated in community policing partnerships in Bangladesh and Haiti in 2014. (The visits are funded with federal and private sector funds.) Officers visit the countries and provide assistance to implement community policing strategies. Hands-on instruction, modeling, and mentoring are provided to train local law enforcement officers. In return, participants learn about other cultures and achieve a greater level of understanding about challenges facing people from other countries and economic levels.

CRIMINAL INVESTIGATIONS DIVISION

The main focus of the Criminal Investigations Division (CID) is to investigate major person and property crimes, including homicide, rape, robbery, aggravated assault, burglary, theft, motor vehicle theft, and arson. The division also investigates stolen property, fraud, forgery, and sex crimes.

PROACTIVE UNIT

The department uses four "proactive" detectives and a sergeant to target repeat offender groups responsible for a greater percentage of crime, thus lowering overall criminal activities. Highlights of 2014 involved cases of Organized Retail Crime, counterfeit credit card crews, human trafficking, and serial burglaries/theft from vehicles.

This group of detectives investigated 107 cases; 91 of which were cleared by arrest. The cases, which involved narcotics, auto theft, organized retail crime, burglary, fraud, prostitution, and stolen vehicles, resulted in \$86,975 in recovered stolen property, and \$42,055 in cash seizures.

HIGH TECH CRIME

Keeping pace with the advances in technology and the ability to retrieve and collect the high volume of digital evidence continues to pose a challenge for the department. The CID includes a detective who specializes in computer forensics investigations and serves as a member of the FBI's Northwest Regional Computer Forensics Lab (RCFL). The RCFL is devoted entirely to digital evidence. Investigations of crimes such as terrorism, child pornography, Internet crimes, fraud and identity theft, crimes of violence, and theft or destruction of proprietary information or property are supported by the RCFL. Participants include federal, state, and local law enforcement personnel.

INVESTIGATE SOLVE CASES MAKE ARRESTS

FRAUD, IDENTITY THEFT, AND CRIMINAL INTELLIGENCE

Fraud and identity theft continue to comprise a significant portion of the property crimes in Beaverton and surrounding jurisdictions. The department dedicates one detective position to combat fraud and identity theft crimes through investigation, as well as information sharing with other law enforcement agencies, financial institutions, and retail businesses. The division also utilizes one detective to gather, investigate, and disseminate criminal intelligence information.

INTERAGENCY TEAMS

Major Crimes Team

Beaverton contributes six members (collateral duties) to this 38 member team whose function is to investigate murders, officer-involved shootings, in-custody deaths, and other major crimes in Washington County. The team is made up of sergeants and detectives from Washington County law enforcement agencies, forensics experts from the Washington County Forensics Laboratory and the Oregon State Forensics Unit, and representatives from the Washington County Consolidated Communications Agency (WCCA).

“Innocence Lost” Human Trafficking Task Force

The FBI’s “Innocence Lost” Task Force consists of local, state,

and federal law enforcement agencies and victim-based advocacy groups that combine resources and expertise on the issue of human trafficking. The task force evaluates the nature and extent of human trafficking in our area, conducts investigations, and develops intelligence for potential cases.

TriMet

The Westside Transit Precinct combines forces from Washington County police departments and the Sheriff’s Office. A BPD sergeant and two officers are assigned to the Westside Precinct and one BPD officer is assigned to TriMet’s Central operations. The salaries and benefits of these positions are fully reimbursed by TriMet. The Westside Precinct of

the transit police continues to address community issues and transit violations occurring on light rail trains, buses, and TriMet properties west of the Washington Park/Oregon Zoo Light Rail Max Station.

Tactical Negotiations Team (TNT)

The 32 officers of the Tactical Negotiations Team (six collateral assignments from BPD) are called upon to handle incidents that pose a significant risk to the safety of others, such as incidents involving barricaded individuals, high risk search warrants, and arrest warrants. Team members train extensively, which allows the TNT to respond safely and effectively to complex incidents.

HIGHEST PROFESSIONAL STANDARDS

The Professional Standards Unit is responsible for ensuring the safe, effective, and efficient operations of the department, including objective investigations of alleged police misconduct. Through reviews, audits, and assessments of the department's activities, potential issues and trends related to performance, procedure, and/or conduct are identified and addressed in individual employees, employee groups, and the department. The Professional Standards Unit also manages hiring, promotional, and specialty assignment processes.

4

REVIEW, AUDIT, AND ASSESS OPERATIONS TO ENSURE COMPLIANCE WITH STATE AND FEDERAL REGULATIONS AND ACCREDITATION STANDARDS

QUALITY TRAINING

The Training Unit is responsible for providing mandatory and supplemental training to department personnel to develop and enhance those skills and decision-making abilities necessary for the successful delivery of services.

The Training Unit maintains regular and reserve police officers' training records and certification standards, assists in the department's hiring process, and facilitates the Field Training and Evaluation Program for new officers.

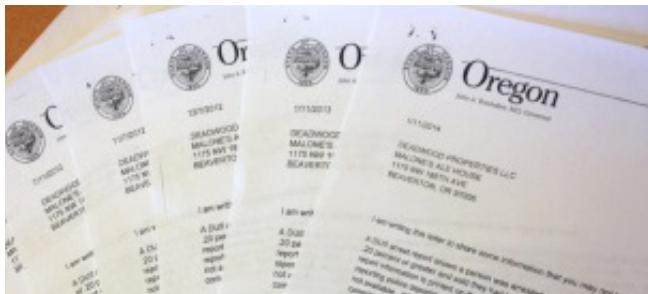

QUALITY LEADERSHIP AND SUPPORT

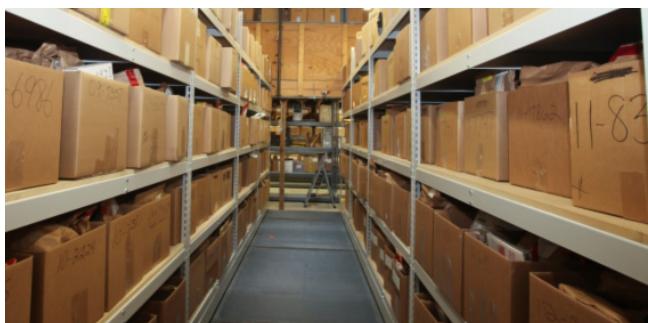

The administration is dedicated to providing the highest quality service and continually evaluates the department's structure, strategies, and programs to manage change related to community growth, crime trends, and the evolving role of police. Highlights of 2014 include:

- Pursued solutions to address the department's space needs challenges, including funding for a new Public Safety Center and provided information to the community about the opportunity to retrofit the current City Hall building into a Public Safety Center. Voters ultimately did not approve the Public Safety Center Bond Measure in the November 2014 election.
- Continued to implement the RegJIN Records Management System. The BPD continues to procure and install necessary computer hardware and software in police vehicles, and in the Property and Evidence, Records, Patrol, and Criminal Investigations Divisions. Initial training of police personnel was completed in 2014 to assist in a smooth transition to the new system.
- Implemented the Criminal Justice Information Services (CJIS) Security Policy mandates. The BPD continues to take the necessary encryption steps and Advanced Authentication actions to comply with CJIS Security Policy requirements.
- Finalized and distributed a new BPD policy manual.
- Implemented a new Cadet Program. BPD's new Cadet Program gives college students with an interest in the Criminal Justice Profession the opportunity to explore a law enforcement career in Beaverton and earn wages, in addition to pursuing their education. Police cadets are temporary part-time, non-sworn positions. The cadets work and train with various divisions in the police department.

RECORDS

The Records Division serves as the frontline for resident contact. To best serve the needs of the community, the division operates 24/7 and staff assists citizens with reporting crime, lost and found, reporting crashes to DMV, and referrals for food and shelter assistance. The division also provides support to the Patrol Division.

PROPERTY & EVIDENCE

The Property and Evidence Division is responsible for the handling, storage, safekeeping, and disposal of confiscated evidence and property. The property specialists are responsible for submitting DNA, narcotics, and fingerprint evidence to the Oregon State crime labs as well as maintaining extensive inventories of all high risk items such as narcotics, weapons, and currency.

ACCREDITED

The BPD is accredited through the Oregon Accreditation Alliance (OAA). The department has successfully maintained its accredited status since 1995.

ALARM PROGRAM

The city's Alarm Ordinance is administered through the BPD. While alarm systems are a good crime prevention tool and the BPD encourages their use, responding to false alarms takes time away from officers' other duties. The Alarm Program seeks to reduce the number of false alarms through education and assistance.

CRIME ANALYSIS

The Crime Analysis Division tracks criminal patterns and trends to help more accurately fight crime. Crime statistics, neighborhood maps, and crime maps are regularly updated on the department's website (www.beavertonpolice.org) in an effort to keep community informed.

CHAPLAIN PROGRAM

The Chaplain Program is designed to provide emotional, non-sectarian spiritual and professional support to department members, their families, and the community in emergency situations, times of crisis or as otherwise needed.
