5. ACKNOWLEDGEMENTS

# WELCOME FROM THE MAYOR

*The City of Beaverton continues to be one of the safest cities in the Pacific Northwest. Beaverton residents appreciate that they live in a safe and welcoming community. This past year, I've been impressed by the leadership of our Beaverton Police Department in strengthening community involvement. Our police department has participated in more than 130 community events this past year.*

*I am constantly amazed with how many innovative programs we offer. In 2015, they began new initiatives such as Shop with Cop and Coffee with a Cop. And, something that you may not have heard of, a Chief's Breakfast that hosts culturally diverse community leaders to build relationships and dialogue.*

*Meanwhile, the women and men and volunteers of the BPD continue to be strong role models to our youth. With programs like Beaverton Youth Peer Court, the Police Activities League, and the School Resource Officer team—which is in the process of being expanded. Our police are taking the time to connect and mentor our community's children and teens. Through these programs, we're teaching youth the skills and attributes most desirable in our future police officers.*

*Today, tomorrow, and long into the future, we will always invest in public safety. We have a reputation as a responsible and welcoming city. I want to thank all of the brave and compassionate police officers that work so hard to make Beaverton a safe city. Well done!*

*Denny Dask*

*"I want to thank all of the brave and compassionate police officers that work so hard to make Beaverton a safe city."*

*~ Mayor Denny Doyle*

## CHIEF'S MESSAGE

*I am pleased to present the Beaverton Police Department's 2015 Annual Report. This report highlights the department's Administrative, Operations, and Services Bureaus and programs, as well as our many accomplishments and achievements over the past year.*

*Keeping our community safe is our highest priority and the City of Beaverton continued to maintain a low and stable crime rate in 2015. Our mission statement – "To protect with courage. To serve with compassion. To lead with integrity." – is demonstrated every day in the commitment and performance of the men and women of the BPD. Beaverton's low crime rate is the result of a highly visible and proactive police force, a rapid response to calls for service, highly competent investigators, and active involvement with our residents.*

*Looking forward to 2016, and with the support of the Mayor, City Council, and community, we hope to continue the progress on the scope of work for the public safety facility and identify funding options.*

*On behalf of the men and women of the Beaverton Police Department, I want to thank the Beaverton community and our elected officials for providing us with the resources to accomplish our vision, and for their continued trust and support as we dedicate ourselves to providing a safe city.*

# OPERATIONS BUREAU

**Captain Jeffrey Williams**

The Operations Bureau is the largest segment of the department and makes up the majority of police employees, including 97 sworn and non-sworn personnel assigned to the Patrol and Traffic Divisions.

The Operations Bureau oversees the Patrol operations (including scheduling, fleet, communications, temporary holding facility), Traffic Team, K-9 Program, TriMet, Gang Enforcement, Bicycle Team, Neighborhood Resource Team, and Photo Enforcement.

# ADMINISTRATIVE BUREAU

**Captain Eric Oathes**

The Administrative Bureau employs 30 sworn and non-sworn personnel assigned throughout Police Administration, the Training and Professional Standards Division, and the Records Division. The Administrative Bureau oversees budgeting, strategic planning, policy, accreditation, hiring and training, professional standards, payroll and purchasing, grant management, and the Alarm Program.

# SERVICES BUREAU

**Captain Jim Monger**

The Services Bureau is comprised of three divisions: Community Services, Criminal Investigations, and Property and Evidence. The Services Bureau is made up of 48 sworn and non-sworn personnel.

The Services Bureau oversees the Community Services Division, which is responsible for facilitating community outreach and education, victim services, School Resource Officer (SRO) Program, Community Service Officers, Public Information Officer, and Volunteer Program. The Services Bureau also oversees the Criminal Investigations Division (CID), the Property and Evidence Division, and crime analysis.

in 2015

# PATROL DIVISION

## **Watch Commanders -**

**Lieutenants Darren Fletchall, Tom McGranahan, Mike Smith, and Neil Stellingwerf**

**Patrol Sergeants - Rex Bennett, Matt Condon, Thomas Crino, Robert Davis, Ken Feist, Matthew Kingsbury, Misha Sasyavich, Jim Shumway, and Sean Todd**

The Patrol Division is divided into four districts and is the most visible unit of the BPD. These highly trained officers handle day-to-day calls for service, emergencies, and most preliminary criminal investigations. The division is committed to providing a safe and livable community by enforcing laws and utilizing and coordinating patrol and investigative resources to proactively reduce the opportunity for criminal activity. Officers continue to actively patrol the city, which is demonstrated by the substantial number of self-initiated calls.

In an effort to maintain a consistent community presence, officers utilize Neighborhood Resource Centers (NRCs) throughout the city. This allows officers within specific neighborhoods to be readily accessible. Officers also regularly attend Neighborhood Association Committee (NAC) meetings, where they provide crime prevention information, identify resident concerns, and address traffic issues.

## BICYCLE TEAM

The department's Bicycle Team focuses on providing a unique, proactive response to problems identified by residents, patrol officers, and other agencies to make Beaverton a safer community in which to work and play. Examples of the team's work include reducing transient camps, conducting bicycle safety rodeos, and coordination of the Bicycle Event Management Program. The supervision of the Bike Team moved from the Community Services Division to the Patrol Division in 2015.

## HONOR GUARD

The members of the Honor Guard represent the department at various functions, including funerals, community events, and special ceremonies. Officers receive specialized drill and ceremony training. In 2015, members of the Honor Guard participated in BPD's Awards Ceremony, Coos Bay Memorial Ceremony, 9/11 Memorial Ceremony, a Portland Trailblazer game, and a retirement ceremony of a BPD sergeant and officer.

## NEIGHBORHOOD RESOURCE TEAM

The Patrol Division continues to utilize its Neighborhood Resource Team (NRT) and conduct plain clothes and special deployment operations in an effort to address livability issues such as theft from/of vehicles, narcotics, neighborhood nuisances, and transit violations. BPD personnel conducted several selective enforcement details throughout the city, working in partnership with the Interagency Gang Enforcement Team, Westside Interagency Narcotics Team, and the TriMet Transit Police Division. Additional "special details" were conducted to impact domestic violence and sexual assault crimes.

## K-9 UNIT

The K-9 Unit provides support to all divisions within the department and outside agencies by conducting building searches, article/evidentiary searches, tracking suspects who have fled on foot, detection of narcotics, and helping to locate lost/missing persons. K-9s have a keen sense of smell vastly superior to that of humans and are invaluable in locating persons and property.

The unit consists of five officers and five K-9s. Three of these are exclusively patrol teams and two are cross-trained as patrol and narcotics detection teams. In 2015, the teams conducted a total of 161 tracks, resulting in 48 arrests.

In 2015, the department said "farewell" to retiring K-9 members "Jago" and "Alex" and welcomed its newest K-9 members, "Atlas" and "Toa."

The unit continues to conduct public demonstrations to display the K-9's special abilities and to demonstrate why they are such an asset to the department and community.

# TRAFFIC SAFETY DIVISION

**Lieutenant Viola Valenzuela and Sergeant Steve Schaeer**

The Traffic Safety Team aims to modify driving behavior through education and by enforcing traffic laws. Partnerships with the city's transportation department, Beaverton residents, and other traffic safety agencies help the team address and solve traffic safety issues. The team targets problem locations using highly visible patrol cars, unmarked vehicles, motor officers, Photo Radar, Photo Red Light, and SMART (Speed Monitoring Awareness Radar Trailer) units.

In 2015, the department received a grant and implemented a DUII No Refusal Program to deter people from driving under the influence and prevent impaired driving crashes and fatalities. The program provides a tool for law enforcement to collect and preserve time-sensitive evidence. The BPD works with the Beaverton Municipal Court judges to obtain "blood draw warrants" for drivers who refuse Blood Alcohol Content (BAC) testing. Making roads safer by removing impaired drivers off the road is a high priority for the department.

1.

## EDUCATION

The Traffic Team conducted 17 child safety seat clinics, serving more than 494 families in 2015. Driver educational videos and brochures are used in the Distracted Driver and Pedestrian Safety Diversion classes. The team continues to attend various community events and distribute traffic safety brochures and promotional items.

2.

## ENFORCEMENT

The team participates in special enforcement details targeting such violations as speeding, failure to use seatbelts, distracted driving, running red lights, driving while impaired, construction zones, and pedestrian safety.

3.

## PHOTO ENFORCEMENT

The department's use of Photo Radar and Photo Red Light technology continues to deter speed and red light violations. Four Beaverton intersections (Beaverton Hillsdale Hwy./Griffith Dr., Walker Rd./Cedar Hills Blvd., Hall Blvd./Scholls Ferry Rd., and Allen Blvd./Lombard Ave.) are equipped with cameras to improve safety and reduce crashes resulting from red light violations.

4.

## CART

Crash Analysis Reconstruction Team (CART) members are specially trained officers from various law enforcement agencies in Washington County and officers from the Oregon State Police. In 2015, BPD contributed six members to this 23 member interagency team, whose primary mission is to investigate and reconstruct motor vehicle crashes related to potential felony charges. CART responded to 57 incidents in Washington County (11 were in Beaverton).

# COMMUNITY SERVICES DIVISION

**Lieutenant Adam Spang**  
**SRO Sergeant Kevin McDonald and Community Services Division Sergeant James Humphrey**

The Community Services Division (CSD) serves a vital role in sustaining the department's commitment to community-based policing. The division is involved in multiple community-focused programs and services described in this section. The department continues to use social media tools such as Facebook and Twitter to communicate electronically. The BPD increased its "likes" on Facebook from 4,498 in 2014 to 8,601 in 2015.

## SCHOOL RESOURCE OFFICERS

School Resource Officers (SROs) protect the school environment and maintain a safe atmosphere in the classroom. They assume many roles and are committed to supporting kids, not only in their education, but also in other aspects shaping their lives. The department's SRO Program includes one sergeant and six officers. The SROs provide services to more than 39,000 students from 36 public and private schools, including nine high schools and six middle schools.

## COMMUNITY RESOURCE TEAM

The Community Resource Team is the central point for many of the services, programs, and outreach efforts described in this section. The department reaches out to our diverse community throughout the year in a variety of ways, including National Night Out, city-sponsored neighborhood picnics and events, and through educational events, such as landlord-tenant training.

## VICTIM SERVICES

The department is committed to serving victims of crime through professional service, resources and referrals. In 2015, more than 648 residents received services through the Community Services Division. Trained volunteer advocates also provided supportive advocacy, information, and resource referrals for victims of crime. In 2015, 22 advocates donated more than 9,066 hours.

## VOLUNTEERS

The Volunteer Program enhances communication with the community and helps the department deliver services. Volunteers come from a cross-section of the community, are graduates of the Citizens Academy, and help the department in various roles. In 2015, the department had an active roster of 116 volunteers who donated more than 8,090 hours - the equivalent of more than 3.8 full-time employees. The value of hours donated by police volunteers is estimated at \$186,636.

Contacts

IN 2015

## COMMUNITY ENGAGEMENT

### CITIZEN ACADEMIES

The Citizens Academy 12-week program gives Beaverton area residents first-hand information about how their police department works. Experienced department members teach residents about fraud, street gangs, narcotics, traffic crash investigations, community policing, firearms, K-9 teams, and more. In 2015, BPD conducted its 49th Citizens Academy. The BPD also conducts Disabled Citizens and Military Mentor Academies.

### DOCUMENT SHREDDING

The department hosts popular free document shredding events throughout the year to encourage residents to shred documents with sensitive personal information and reduce the incidence of identity theft. Six events were held in 2015 and served more than 3,545 families.

### STUDENT ACADEMIES

The Student Academy is a highly successful program that gives students the opportunity to learn about various areas of law enforcement. During this one-day event, Beaverton police officers from the Criminal Investigations, Patrol, and Training Divisions teach students about Vehicle and DUI Law, use of force, and investigations. The Advanced Student Academy is unique in that it offers a police academy atmosphere and participants earn continuing educational credits for completing 20 hours of instruction.

## PEER COURT

Peer Court is a valuable program developed by BPD more than 26 years ago. Peer Court is designed to give youths the opportunity to participate in the criminal justice system as well as to provide a cause and effect system for them to understand and accept responsibility for their actions. In 2015, 60 students participated in the program and the CSD had 55 Peer Court referrals.

## ARMED FORCES BANNER PROGRAM

The Armed Forces Banner Program was established to honor and recognize Beaverton's military personnel. More than 110 banners have been placed along major Beaverton roadways to honor active duty military personnel of the United States Armed Forces. The banners include the service person's name and military branch.

## SHOP WITH A COP

Beaverton police officers teamed up with kids from low-income families – some of them homeless – for back-to-school shopping for BPD's first "Shop with a Cop" event. Officers paired up with the kids and spent the morning together shopping at Beaverton Fred Meyer. Each child received gift cards to purchase clothing and footwear. For some kids, it was the first time they purchased new clothes or owned a brand new pair of shoes. The event provides a unique opportunity for BPD and officers to make a positive connection with youth and the community.

## COFFEE WITH A COP

The BPD kicked off a new program entitled, "Coffee with a Cop" in 2015. Coffee with a Cop is a national initiative with a goal of building trust between community members and police officers, one cup of coffee at a time.

Police officers and community members come together in an informal setting, such as a local coffee shop, to discuss community issues, build relationships, and drink coffee. The friendly atmosphere helps remove barriers and allows for relaxed one-on-one interactions, leading to lasting connections and enhanced relationships.

The BPD partnered with local businesses and held two events in 2015.

# INVESTIGATIVE SERVICES

**Lieutenant Paul Wandell and Sergeants Mark Groshong and Tim Lowman**

## PERSON AND PROPERTY CRIMES

The main focus of the Criminal Investigations Division (CID) is to investigate major person and property crimes, including homicide, rape, robbery, aggravated assault, burglary, theft, motor vehicle theft, and arson. The division also investigates stolen property, fraud, forgery, and sex crimes. In 2015, CID conducted 650 investigations and cleared 70 percent of the cases.

## FRAUD, IDENTITY THEFT, & CRIMINAL INTELLIGENCE

Fraud and identity theft continue to comprise a significant portion of the property crimes in Beaverton and surrounding jurisdictions. The department dedicates one detective position to combat fraud and identity theft crimes through investigation, as well as information sharing with other law enforcement agencies, financial institutions, and retail businesses. The division also utilizes one detective to gather, investigate, and disseminate criminal intelligence information.

## PROACTIVE UNIT

The department uses four “proactive” detectives and a sergeant to target repeat offender groups responsible for a greater percentage of crime, thus lowering overall criminal activities. Cases in 2015 involved Organized Retail Crime (ORC), counterfeit credit card crews, human trafficking, and serial burglaries/theft from vehicles.

## HIGH TECH/CYBER CRIME

The CID's team includes a detective who specializes in computer forensics investigations and serves as a member of the FBI's Northwest Regional Computer Forensics Lab (RCFL). The Forensics Lab is a partnership between federal, state, and local law enforcement agencies, and specializes in obtaining “digital evidence” not accessible without extensive technical training. In 2015, the department also reallocated two FTEs to high tech detective assignments. One detective is assigned to the FBI Cyber Crime Task Force, and the second detective, once selected, will help investigate high tech criminal cases.

# INVESTIGATE SOLVE CASES MAKE ARRESTS

Seized counterfeit money

## CRIME ANALYSIS

The Crime Analyst tracks criminal patterns and trends to help more accurately fight crime. In 2015, the crime analyst function moved to Investigative Services to better support the CID and the Patrol Division. Crime statistics, neighborhood maps, and crime maps are regularly updated on the department's website ([www.beavertonpolice.org](http://www.beavertonpolice.org)) in an effort to keep community informed.

## PROPERTY AND EVIDENCE

The Property and Evidence Division is responsible for the handling, storage, safekeeping, and disposal of confiscated evidence and property. The property specialists are responsible for submitting DNA, narcotics, and fingerprint evidence to the Oregon State crime labs as well as maintaining extensive inventories of all high risk items such as narcotics, weapons, and currency.

# INTERAGENCY TEAMS

## TriMet

The Westside Transit Precinct combines officers from Washington County police departments and the Sheriff's Office. A BPD sergeant and two officers are assigned to the Westside Precinct and one BPD officer is assigned to TriMet's Central operations. The salaries and benefits of these positions are fully reimbursed by TriMet. The Westside Precinct of the transit police continues to address community issues and transit violations occurring on light rail trains, buses, and TriMet properties west of the Washington Park/Oregon Zoo Light Rail Max Station.

## Major Crimes Team

Beaverton contributes six members (collateral duties) to this 38 member team whose function is to investigate murders, officer-involved shootings, in-custody deaths, and other major crimes in Washington County. The team is made up of sergeants and detectives from Washington County law enforcement agencies, forensics experts from the Washington County Forensics Laboratory and the Oregon State Forensics Unit, and representatives from the Washington County Consolidated Communications Agency (WCCCA).

## "Innocence Lost" Human Trafficking Task Force

The FBI's "Innocence Lost" Task Force consists of local, state, and federal law enforcement agencies and victim-based advocacy groups that combine resources and expertise on the issue of human trafficking. The task force evaluates the nature and extent of human trafficking in our area, conducts investigations, and develops intelligence for potential cases.

## IGET

### INTERAGENCY GANG ENFORCEMENT TEAM

The department dedicates 1 FTE to the Interagency Gang Enforcement Team (IGET) and is committed to proactively addressing gang related crimes within the communities of Washington County as well as strengthening its relationship with regional partners to enhance efforts in addressing gang issues. IGET members identify gang members, their street names, and associates. Criminal gang activity continues to evolve and has become more sophisticated through the use of social media and the Internet. In 2015, the supervision of the officer assigned to IGET moved from the Criminal Investigations Division to the Patrol Division.

## WIN

### WESTSIDE INTERAGENCY NARCOTICS TEAM

The Westside Interagency Narcotics (WIN) Team actively targets persons and organizations involved in the manufacture and distribution of controlled substances, and works to reduce the availability of illicit controlled substances that are used, sold, transported, or otherwise distributed in Washington County. The WIN Team spent a considerable amount of time in 2015 investigating several Drug Trafficking Organizations (DTO) and investigated and arrested multiple suspects in "Len Bias" cases. In addition to their investigative efforts, the team continues to gather and share information with other local, state, and national drug enforcement teams as well as the patrol division.

## TNT

### TACTICAL NEGOTIATIONS TEAM

The 32 officers of the Tactical Negotiations Team (six collateral assignments from BPD) are called upon to handle incidents that pose a significant risk to the safety of others, such as incidents involving barricaded individuals, high risk search warrants, and arrest warrants. Team members train extensively, which allows the TNT to respond safely and effectively to complex incidents.

# HIGHEST PROFESSIONAL STANDARDS

**Lieutenant Ronda Groshong**  
**Professional Standards Sergeant Keith Welch and Training Sergeant Alan Juilfs**

The Professional Standards Unit is responsible for ensuring the safe, effective, and efficient operations of the department, including objective investigations of alleged police misconduct. Through reviews, audits, and assessments of the department's activities, potential issues and trends related to performance, procedure, and/or conduct are identified and addressed in individual employees, employee groups, and the department. The Professional Standards Unit also manages hiring, promotional, and specialty assignment processes. In 2015, the division conducted 17 specialty assignment processes and recruited and hired seven new employees.

4.

RESERVES

# QUALITY TRAINING

The Training Unit is responsible for providing mandatory and supplemental training to department personnel to develop and enhance those skills and decision-making abilities necessary for the successful delivery of services.

The Training Unit maintains regular and reserve police officers' training records and certification standards, assists in the department's hiring process, and facilitates the Field Training and Evaluation Program for new officers.

In 2015, the Training Division developed and implemented a use of force understanding course for residents that included instruction at Citizen and Student Academies, the Justice Coordinating Committee, and presentations at Neighborhood Association Committee (NAC) meetings. The division also expanded its defensive tactics training program to increase officer safety. The department partnered with local Jiu Jitsu instructors to conduct classes once a month to officers who voluntarily attended the class.

## QUALITY LEADERSHIP AND ADMINISTRATIVE SUPPORT

The administration is dedicated to providing the highest quality service and continually evaluates the department's structure, strategies, and programs to manage change related to community growth, crime trends, and the evolving role of police.

In 2015, the department completed its transition to the Regional Justice Information Network (RegJIN) Records Management System that replaced the Portland Police Data System (PPDS). The transition involved a major conversion in operations and required training and acclimation to the new system and processes. The new RegJIN system will track, display, and more effectively share crime-related and other public safety information generated by over 40 law enforcement agencies.

The department also received a \$150,000 Department of Justice grant to implement a Body-Worn Camera Pilot Program. Body-worn cameras can enhance transparency and increase public trust, as well as improve officer safety and evidence collection. The department is currently evaluating, developing best practices, and soliciting feedback from the community about the adoption and use of body-worn cameras, including officer operation, privacy interests, access to video, records requests, and records retention and storage.

## RECORDS

The Records Division serves as the frontline for resident contact. To best serve the needs of the community, the division operates 24/7 and staff assists residents with reporting crime, lost and found, reporting crashes to DMV, and referrals for food and shelter assistance. The division also provides support to the Patrol Division.

## ALARM PROGRAM

The city's Alarm Ordinance is administered through the BPD. While alarm systems are a good crime prevention tool and the BPD encourages their use, responding to false alarms takes time away from officers' other duties. The Alarm Program seeks to reduce the number of false alarms through education and assistance.

## ACCREDITED

The BPD is accredited through the Oregon Accreditation Alliance (OAA). The department has successfully maintained its accredited status since 1995 and was reaccredited in 2015.

## CHAPLAIN PROGRAM

The Chaplain Program is designed to provide emotional, non-sectarian spiritual and professional support to department members, their families, and the community in emergency situations, times of crisis or as otherwise needed.

# 2015 POLICE SERVICE AWARDS

# EXCEEDING EXPECTATIONS

The department is fortunate to have talented individuals committed to serving the residents of Beaverton. Behind the scenes are administrative and non-sworn support staff ensuring smooth operation of the agency. On a daily basis, our officers are out on the streets protecting the community and making a difference in people's lives.

## OUTSIDE AWARD RECOGNITION

Individual	Award	Organization
Detective Doug Jones	Distinguished Service Commendation	Hillsboro Police Department
Detectives Jason Buelt and Sean Connor	Partnership Award	Oregon Construction Contractors Board

Statistics are for only the most serious crime in the case (FBI "hierarchy rule"), and may include some cases later determined to be unfounded. Other reports may include all offenses, whether most serious or not. Data for previous months have not been updated in this report.

# SUPPORTING OUR COMMUNITY

Each year BPD members donate countless hours of their own time in support of their favorite charity and/or organization(s). Whether it's jumping into a freezing river in February for the Polar Plunge Event, serving food and drinks at Red Robin for Tip-a-Cop, and/or participating in the Torch Run in support of Special Olympics, the BPD is fortunate to have caring and dedicated individuals who generously contribute their time and resources to make our communities a better place.

In 2015, BPD members were involved with many worthy causes, such as the Beaverton Police Activities League (PAL), training officers in Haiti, coaching youth sports, and raising funds for Shop with A Cop and the Station 6 Holiday Store. The BPD believes in community service and giving back.
